

## Amanda Daniels

'Good Morning Call' Manager

Amanda began volunteering for the Selsey Community Forum 8 months ago and has now taken on the role of 'Good Morning Call' Manager. She has worked in retail management with Russell and Bromley Ltd, and at Chichester College, as a Learning Assistant, working with students who have Special Educational Needs. Amanda believes that communication is most important, especially for people living alone or for carers. A nice chat is always good for the soul.
